

GEMINI T

RGB GLASS-WING MID-TOWER

GEMINI T IS NOT DIFFERENT. IT'S BETTER.

This new case from COUGAR breaks conventions with an intelligent design that combines performance and innovation in a gorgeous RGB-lit package with vertical GPU support.

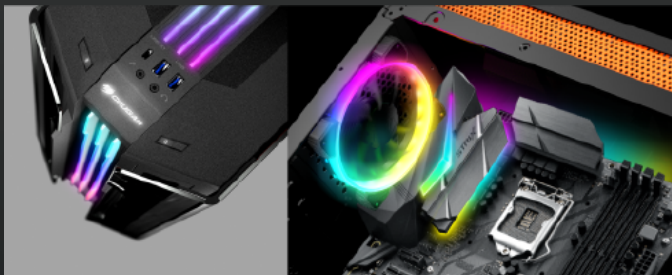

Trelux RGB Lighting

COUGAR's new Trelux technology provides Gemini T with a powerful lighting system of its own: three long RGB-powered lenses cover the front and top of the case. Powerful and dynamic, Trelux's dynamic RGB capabilities will amaze everybody!

Controllable directly through a convenient front panel button, Trelux can also work connected to the COUGAR Core Box or compatible motherboards' 5V connection for enhanced compatibility and integration.

Glass Wings

Two massive gull-wing tempered glass side panels flank Gemini T. This unique design gives you a clear view of the computer's components and makes tool-less maintenance very convenient.

Apart from cooling, the two side fans facing the glass window allow you to set up a fantastic lighting spectacle inside Gemini T!

Vertical GPU support

Gemini T is both about performance and about aesthetics. To bring your system's awesomeness to the limit, Gemini T supports vertical GPU installation. This joins the two supported side fans to produce one of the most incredible side windows a PC case has ever had.

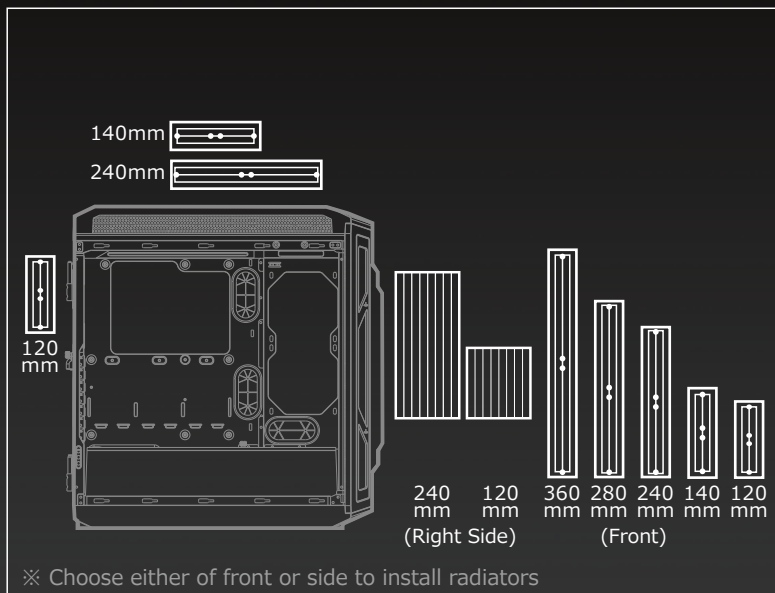

GEMINI T

RGB GLASS-WING MID-TOWER

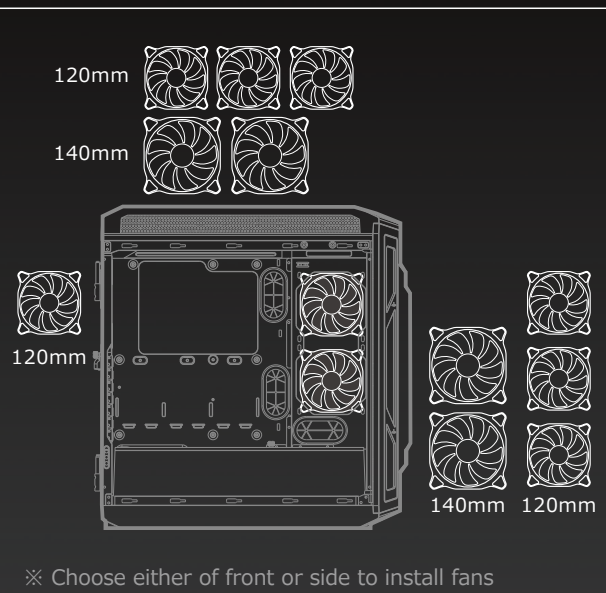

Intelligent Cooling

Up to seven fans and three water cooling radiators match Gemini T's support for the latest components with top-end cooling capabilities.

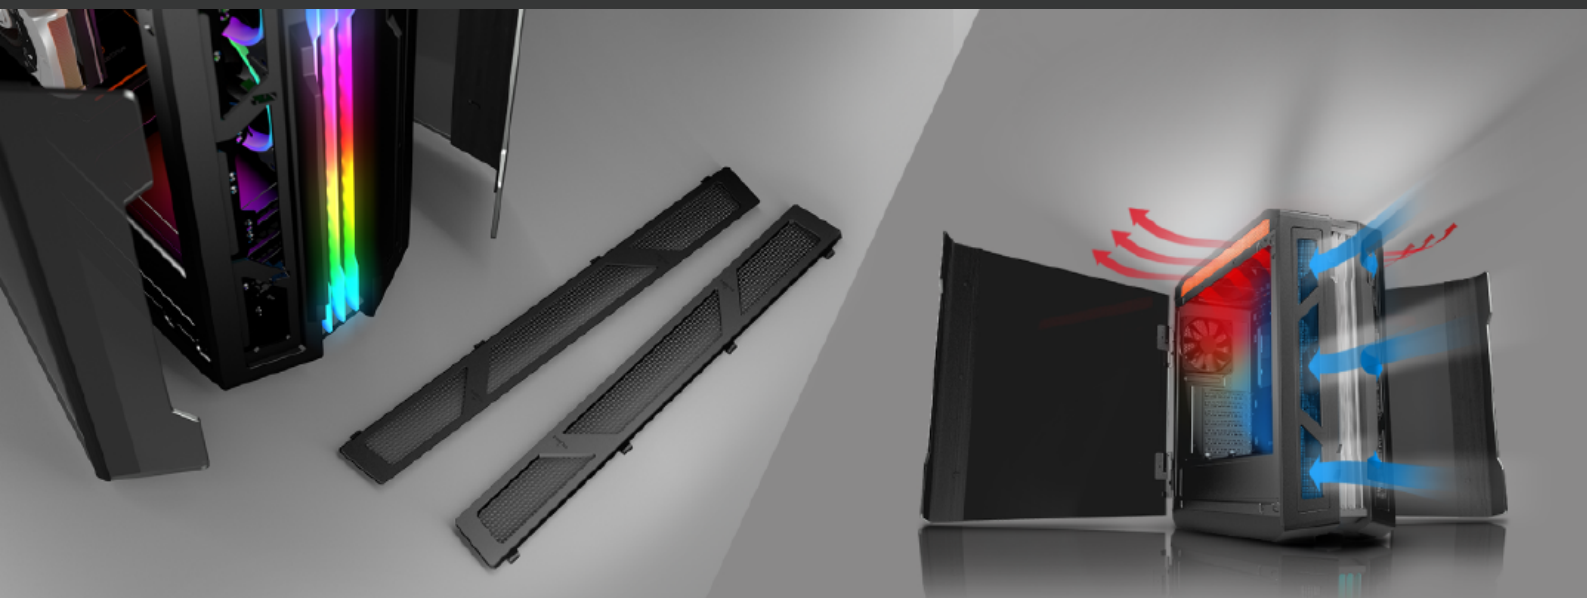

Water cooling radiator support

Air cooling support

Two big frontal vents with detachable filters guarantee a clear air intake, while two side vents on both sides of the top cover create an excellent way for the exhaust to leave the case without dust getting in.

Case Type	Middle Tower	Water Cooling Radiator Support	Front : 360mm / 280mm / 240mm / 140mm / 120mm Top : 240mm / 120mm Rear : 120mm Side : 240mm / 120mm (Choose either of front or side to install radiators)
Motherboard Type	Mini ITX / Micro ATX / ATX / CEB	Expansion Slots	7+2
Dimension (WxHxD)	227 x 535 x 527 (mm) / 8.9 x 21.0 x 20.7 (in)	Max. Graphics Card Length	400 (mm) / 15.7 (in)
Case Drive Bays	3.5" : 2 2.5" : 3 (With five possible locations within the case)	Max. CPU Cooler Height	170 (mm) / 6.7 (in)
I/O Panel	USB 3.1 Type-C x 1 / USB3.0 x 2, Mic x 1 / Audio x 1, RGB Control Button	Max. PSU Length	200 (mm) / 7.9 (in)
Cooling Fan Support	Front : 140mm x 2 (1 x 120 mm fan pre-installed) / 120mm x 3 Top : 140mm x 2 / 120mm x 3 Rear : 120mm x 1 (pre-installed) Side : 120mm x 2 (Choose either of front or side to install fans)	PSU	Standard ATX PS2
Maximum Number of Fans	7 Max.	Cable Management	Yes
		Onboard Lighting System	Trelux Lighting with Addressable RGB LEDs and Dynamic Lighting Effects in the Front and Top Panels
