

# MX350

*Enhanced Visibility Mid-Tower*

With a transparent front panel and a massive tempered glass side window, MX350 offers you a high-end design with a clear vision of your computer's internal components. Add to this an impressive support for cooling and components, and you've got one of the best mid-towers ever.

## 90° Vision

MX350 offers you a two-way vision of your case: A transparent front panel and a tempered glass side window unite to give you a 90° vision of your computer's components, allowing you to create and enjoy wonderful internal lighting solutions!

## Massive Expandability

7 PCI slots and support for up to 350mm long graphics cards allow you to install all the horsepower you need to run 4K/60fps games and even more. When you add up the capability of hosting up to two 2.5" SSDs and two 3.5" HDDs, what you get is a case that can run and store all the games you want.

## Minimalist Beauty

The covers for the PSU and the 3.5" drive bay allow you to hide the cables behind them, improving the internal airflow and giving you an unobstructed view of your components. Easily detachable and cleanable dust filters behind the front, top and bottom covers will further help keep your computer clean and gorgeous!
