

# MG 130-G

*Elegant and Compact Mini Tower Case  
with Tempered Glass Side Window*

MG130-G is an elegant and compact gaming case with a metal-like brushed front panel and a tempered glass side window, which shows a clear and attractive view of your computer's internal components. Moreover, it supports six cooling fans and three radiators.

With an elegant look, a highly functional design and a durable construction. This case is designed to allow users to contemplate their high-end system components and lighting effects they want.

## Great Looks

The elegant metal-like brushed front panel design gives it a modern, distinctive and classic design for gamers and professionals!

## Great Support for Components

You won't believe how powerful a gaming beast you can build inside MG130-G. Its advanced support for graphics cards (up to two 330 mm-long graphics cards) will allow you to enjoy the latest games with smooth framerates.

## Full Side Visibility

To help you appreciate your system's full beauty, a full-sized tempered glass side window will allow you to contemplate system components and dazzling lighting effects.

\* RGB fans are NOT included, please purchase separately.

## Minimalist Beauty

The case's 3.5" bay and PSU cover provides a clean view of your case and keep the airflow smoothly.

## Top-notch Cooling

MG130-G's compact layout allows you to install six fans and three water cooling radiators, with the front one up to 280mm. This immense cooling potential will enable you to choose freely the components you want in your build.

### Water cooling radiator support

### Air cooling support

## Incredible Storage

Up to two 3.5" HDDs and two 2.5" SSDs or four 2.5" SSDs will provide you with all the storage you need to install games and store all kinds of media.

There are two SSD trays in this case. Please select two locations you prefer to install.
